

# RIVA Bar

## SHORT VACATION IN VENETO. IN THE MIDDLE OF MUNICH.

**The riva Bar, directly at the Isartor, is right on the pulse of Munich: lively, chic and cozy.**

The concept of this classic Italian bar combines a culinary mix of fresh, high-quality ingredients, southern temperament and typical Italian lightness. All this takes place in a bright ambience that creates a warm and lively atmosphere thanks to a surrounding leather lounge.

In the restaurant area, self-designed tables and leather sofas lend uniqueness and purist extravagance. The sliding front doors allows guests to watch the hustle and bustle on the street. The perfect place to relax during the day after a shopping trip or to unwind during the lunch break. Later, with an aperitivo in hand, a relaxed and casual start to a successful evening.

The bar is a magnet and trendy meeting place for fans of high-quality Italian delicacies. Classic Italian cuisine meets innovative ideas. In addition to pasta and various salads, guests will also find new pinsa creations on the menu. In the riva Bar, Italian lifestyle and Munich attitude to life merge into a perfect culinary experience.
